Ms. Boyd,

USSC would not object to the one day extension requested by Ms. Hendrix if the Company is granted a commensurate one day extension in filing its responsive direct testimony. If the Commission agreed to this request, USSC's direct testimony in this matter would be due on July 7, 2009. Thank you and please let me know if you have any further questions.

**Subject:** Docket No. 2009-102-W - Request for Extension of Prefiled Testimony

Hi Jocelyn,

I am on vacation and did not realize that I would be unable to print and postmark pre-filed testimony due today. Will you please allow me an extension of one day? I can print and mail my testimony on 6/23/2009. Please advise. I am sorry for any inconvenience.

Kindest Regards, Leslie Hendrix
